Women Cell,

Dr. B.K.B College,

Puranigudam

In collaboration with

IQAC

&

Students' Union

With over fifty years of existence and a long history of academic excellence, we are immensely proud to present the 19th edition of "KHABARNAMA," the annual newsletter of Dr. Birinchi Kumar Barooah College, Puranigudam. This publication highlights the key aspects of the College, featuring its activities and achievements. Through this newsletter, readers can easily access information about the institution. In this edition, we have focused on showcasing the academic and extracurricular programs and activities of the college for the 2023-24 session. We are deeply thankful to the Principal for granting us the opportunity to present this work to our readers. With our structured curriculum, we hope the tradition of publishing 'Khabarnama' will continue to showcase every facet of the college— academic, cultural, and sports-related— in the future.

With regards
Editors

From the Desk of Principal

This issue of Khabarnama will record different aspects of our college during the session 2023-24. Most important development during this session is enrolment of students which was all time high. This issue will also reflect a few important glimpses of the college. Nowadays works of the HEIs like colleges have proliferated extensively. Hence, it is very difficult to document in a few pages all aspects of a college during one entire session. So many extension activities being undertaken during one academic session by different departments and cells of a college were unimaginable a few years ago. Academic activities also became multidimensional because of the recent changes in curriculum and education policy adopted by the Government.

Head of the Institution or Principal remains busy most of the working hours attending govt circulars and orders; it is very hard for a HOI to devote time profusely in academic affairs of the college. Many a time it is very challenging to address all the grievances of the students sans the coordination of the entire staff. Whole staff of the college as a team will have to work hard to attain a better grade by NAAC. In spite of many impediments faculty members have to give emphasis on research and publication not only for their CAS promotion but also for NAAC assessment and accreditation and ultimately it will contribute to the development of the country however minuscule it may be.

All sorts of publications and documentation of the works done in a college are very important. Proper documentation is possible only through regular and timely publication of reports and journals of the college. Our Khabarnama can be considered as an annual report of the college. The IQAC cell and editors meticulously work for proper documentation. That is why this publication is very important for the college because of the emphasis on inclusion of accurate data and analysis on it.

Credit goes to the editor and IQAC coordinators for this publication. It is very challenging for timely publication of this news bulletin because of many constraints a college face particularly lack of adequate number of teaching staff and work overload of the faculty members.

Be that as it may. In near future Khabarnama will be a significant document not only for writing the history of the college but also the history of higher education in middle Assam. So I urge all the stakeholders of the college to contribute to this news bulletin in their own capacity for its enrichment.

With best wishes to all the stakeholders of the college,

Dr. Nripen Ch. Das

Principal

Dr. B.K.B. College

FROM THE DESK OF IQAC

The Internal Quality Assurance Cell (IQAC) of Dr. B.K.B. College, Puranigudam, Nagaon remains dedicated to promoting academic excellence, fostering innovation and research and ensuring holistic development for all stakeholders. The session 2023-24 has witnessed remarkable initiatives aimed at enhancing quality standards across various domains of the institution.

Recognizing the importance of equipping students with industry-relevant skills, IQAC launched multiple skill development programs under PMKVY of Ministry of Skill Development and Entrepreneurship, Govt. of India. These included practical training programmes on ICT and Beauty and Wellness Sectors. These initiatives aim to bridge the gap between academic learning and employability. As part of its efforts to promote research and collaboration, IQAC successfully got financial approval for organizing three National Seminars from ICSSR and NCW. Apart from these, the cell has also published a research journal named 'Eshona' where a number of research articles were published. Again, to maintain rigorous academic standards, IQAC conducted internal academic audits and implemented structured feedback mechanisms. Valuable insights from students, parents, and alumni have been pivotal in refining our processes and ensuring continuous improvement.

In line with our commitment to academic excellence, IQAC organized different workshops, talks and seminar on preparation of competitive examination, skill development and self employment in collaboration with Career Guidance cell of the college and other organizations. The cell facilitated collaborations with industry partners and academic institutions to provide students with hands-on experience and exposure to real-world challenges. New MoUs were signed to create opportunities for internships, research, and skill development. Apart from these IQAC collaborated with the Eco Club to implement green campus initiatives, including tree plantation drives, waste management programs, and energy conservation campaigns. These efforts align with our vision of fostering a sustainable and eco-friendly campus environment.

Looking forward, IQAC plans to introduce e-governance practices in all spares, expand ICT integration in teaching and learning, and strengthen the research ecosystem further. Additional skill development programs and knowledge-sharing platforms are also in the pipeline to benefit students and faculty alike.

IQAC extends its heartfelt gratitude to all stakeholders for their unwavering support and active participation. Together, we continue to uphold the values of Dr. B.K.B. College, striving for innovation, inclusion, and excellence.

Coordinators, IQAC,
Dr. B.K.B. College,
Puranigudam, Nagaon, Assam

College Activities
