Brief Description of the Campaign:

Due to the emerging trends of e-resources and different reading apps, the reading habit has changed over the years. In a bid to revive the books reading habit, an eminent academician and former Pro-Vice-Chancellor of Tezpur University Dr. Amarjyoti Choudhury has come up with a one- of-a- kind campaign to inspire the young people. Dr. Choudhury has launched the “Lets Read Book (Kitap Porhu Ahok) campaign in the state to inculcate reading habits among the young generation. According to Choudhury “we need to increase book reading. It gives a rich experience, especially in this age of globalization, creating a knowledge society is very important.”

As part of campaign we, the central library took initiative in the programme at college library. Principal Dr. Nripen Chandra Das led a group of the students to the library. 154 no of students participated in the programme. All the students spent more than one hour inside the library with their favorite books. Most of the students enjoyed and kept the habit for future. Later if there was no class, some students automatically come to the library.
