**Date: 06/11/2020**

**Place: Room No. 9, Dr. B.K.B. College**

We the mentor and mentee of the Assamese Department arranged a meeting in the Room No. 9 to discuss about different challenges to find a solution. During the session we have found the following issues.

1. Many students have no android mobile for which they couldn't attend the online classes.
2. Most of the students come from distance villages and remote areas. The communication system is very poor for which they arrive late to class and leave the classes early.
3. There are some economically weak students and for that they cannot participate in different extra-curricular activities.
4. Most of the students do not have formal educated parents. so, they are not properly guided by the family members

The mentee advised the students to collect the lessons and study materials from other students who were able to attend the online classes and got study materials.

The teachers also assured the deprived students to help them by giving notes and book. Students were also advised to continue their study.

**Financial help provided by mentee:**
