### Resolution of the meeting:

1. Regarding syllabus and course content, discussed with the present members about major class students syllabus course contents. Make them understand whole course content and syllabus. And outcome of the course.
2. Attendance of the students in the classes is discussed in the meeting and as per O.U guidelines 75%. Students attendance is compulsory. So today's meeting make aware all the students regarding their attendance in all the classes.
3. Under CBCS course both major and general course text books are not available in the market and also in the central and departmental library. So Mentor himself collect study material and provide to the students for smooth study of the students.

4. Regarding financial assistance to the needy students our institution has two organizations like Corpus fund and poor fund. The members are active IFA - those who are really needy can approach to the organization through departmental head.

5. In our department we have provision to take remedial class for the slow learners. It is discussed that after identification of the slow learners remedial class will be taken for them and make them update.

6. Co-curricular activities:

Regarding co-curricular activities students are motivated and encouraged to take part in all the co-curricular activities organized by the different cells of the institution. Because skills and personality of the student will be developed by participating in the programme.

## Mentor-Mentee Report

On dated 20/12/2018 I have instructed our students to be present in a discussion in our department about their syllabus and book related issues. I have given them an idea about what type of books they should follow in both main course books along with reference books. Apart from main books and reference books I also suggested them about what type of outside books they should follow regarding Commerce and Finance. The discussion was very fruitful for the students and they have actively participated in the discussion. Overall the discussion was very successful.

## Resolutions

All the mentees were present. The utmost problem faced by them was introduction of CBCS by Gauhati University. The students were enlightened about the new system (Choice Based Course System) although they were reluctant but the present students were all non-CBCS and they weren't affected by the newly introduced course. Many students were confused regarding the class routine due to blended mode of system - new and old. It was discussed and the students could understand the routine. Some of the important points of the meeting are highlighted below:

1. Attendance to be 75%. To attend classes regularly without fail.

2. To avail scholarship given by the state government under different schemes.

3. To visit library three in a week and give feedbacks.

4. To donate books to library.

5. To give feedbacks of classes.

6. To approach mentor in case of emergency financial aid/help required.

7. Whatsapp group created for communication

8. To take active participation in co-curricular activities

9. Providing extra. classes, if required for slow learners.

10. To hold mentoring talks or counselling for individual, if required.

### Action taken report

Remedial classes of different topics and semesters have been arranged aiming to improve slow learner students. Students have been made acquainted with departmental library and its equipment. They have been guided and taken up individually in carrying out of their project work. Even they have been brought out to field work if required. Apart from it some mentoring work were being continued regarding their professional goals, selection of career and higher education. Mentoring ships were given in career advancement i.e. regarding self-employment, entrepreneurship development, opportunities, morale, honesty, integrity required for career growth.

Session — 2019 — 2020.

Coursework specific guidance or attendance and performance in present semester and overall performance in the previous semester were provided.

### Outcomes of the system

After mentoring ships it observes that the attendance percentage of the student has increased to greater extent. The number of detainment of student has decreased consistently. Slow learner student became capable mastery in difficult course contents. Students were greatly benefited from departmental library books. Due to direct communication between mentor and the student, there was good improvement in student-teacher relationship. Because of mentoring ships students could get easy to carry out the library and project work. Provided money from college fund helped them to meet an emergency.
